

# “Hostage Aid Worldwide Honors Former Hostage Jorge Toledo”

Xiyue Wang: " It was incredibly touching to meet with Jorge and discuss the importance of coordinated policy and legislative efforts to help prevent similar future ordeals for others and their families. I believe the US hostage reintegration program administered in San Antonio is an invaluable and crucial step for former hostages returning to society and normal life. From experience, I know what a challenge that can be."

**December 02, 2022** – On December 01, 2022, Hostage Aid Worldwide members and former hostages Xiyue Wang, Ali Arab and Sam Goodwin met with Mr. Jorge Toledo, former American hostage who was recently released from captivity in Venezuela on October 1st, 2022, and his wife Mrs. Carmen Molinos. Hostage Aid proudly presented each of them with a token of recognition and appreciation for all the suffering they endured. Jorge was honored for his courage, resilience and strength in the face of the injustice he experienced.

Hostage Aid is immensely thankful for Jorge’s freedom as well as his commitment to do everything within his ability to support others still wrongfully detained and their families.

We are honored to consider Jorge a lifelong member of Hostage Aid and wish him all the best on his journey of reintegration and ‘long overdue’ freedom.
