

Austrian Citizens Massud Mossaheb and Kamran Ghaderi and A Danish National Released Today From Unlawful Detention In Iran

Hostage Aid president Nizar Zakka, said "It's been a long day. We have been following the details of the release from the minute Kamran was moved from his cell at Evin until both he and Massud boarded the plane. We were getting regular updates from the EU families of hostages and all relevant parties. I am so glad and relieved they are free and want to thank the families for their trust during this endless ordeal"

June 02, 2023 – Hostage Aid Worldwide is immensely grateful for the release of Austrian citizens Kamran Ghaderi and Massud Mossaheb, as well as a Danish national, who were all freed from unlawful detention in Iran and are returning home to their families and loved ones.

Kamran Ghaderi and Massud Mossaheb have both been subjected to torture, grossly unfair trials, and denied access to legal counsel and medical care. Kamran was unjustly detained for more than 7 years and is in danger of developing cancer from an untreated tumor.

Massud Mossaheb was wrongfully imprisoned for over 4 years and is diagnosed with cancer that is not being treated, as well as other serious health issues. He has been on a medical furlough since November 2022.

Today, both Massud and Kamran are finally free to resume the life they were robbed of while wrongfully incarcerated in Iran and seek the medical treatment they need.

We would like to extend our heartfelt wishes to Kamran, Massud and their families, and thank the Austrian and Belgian governments and all those who worked tirelessly to secure Massud and Kamran's freedom and helped in bringing them home.

Finally, Hostage Aid Worldwide urges all European governments to unify their efforts and continue to do everything possible to secure the release of all the remaining hostages in Iran. We look forward to the day where there are no more hostages and people can travel freely and without fear to all countries around the world.
